

# We need your help...

**Criminals believe they have the right to break into your home or car, steal your possessions and walk away scot-free. Actually they deserve to be caught!**

If you see a crime, suspicious activity or anti-social behaviour, call the police on **101 STRAIGHT AWAY** (if it's an emergency, call 999). Don't rely on others, if you don't report a crime there will be:

- No investigation
- Very little chance that the offender will be caught or brought to justice
- More people who may become victims of crime
- No clear picture of crime across the Horsham district, making it harder to deal with future problems - it is believed that crimes are vastly under-reported.

**Don't let criminals get away with it.**
